

THE KLEAN TUNNEL

A Product By Naturally Klean

A multipurpose check-point for cleanliness

Full Body Coverage

In less than 7 seconds, the patron is provided hand-sanitizer, a temperature check, a safe-on-humans disinfectant mist, and counted before walking into the venue.

Temperature Check

Checks temperature in less than 5 seconds. Can alarm if a problem is detected and send data alerting necessary parties.

Klean Mist

A full-body disinfecting mist (a FDA compliant product, safe for humans and backed by independent studies) is dispersed upon walking through.

Long-Lasting Hand Sanitizer

Proven efficacy to last on hands up to 8 hours, with hand washing in between that is FDA approved and EPA registered.

Wifi Data Sharing

Counts people passing through while tracking and reporting data.

Advertising

Advertising options available.

Exclusive USA Distributor

Naturally Klean holds exclusive rights to distribute the Klean Tunnels

Naturally Klean is a public safety company that offers application of an environmentally friendly, non-toxic/non-leaching, hypoallergenic antimicrobial technology via professional application services and disinfecting, Klean Tunnel.
